Editor's Comment:

    I went through the reviewers' comments and the response of the authors. I discovered the following:
(1) The grammatical language employed by the authors is very clear and it brings out the beauty of the research work;
(2) The write-up is of very high quality;
(3) I also want to support the assessment of the two reviewers;
(4) Attached is the completed Peer review information_2019_Ajrcos_53225
(5) In view of the above, I hereby wish to recommend that the revised research article should be published in the next issue of the Ajrcos.
