EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>In general terms the manuscript: RE-ESTABLISHING NEW NORMALITY AS WE RETURN TO ORTHODONTIC DEPARTMENT should have a revision.</p> <p>I ask regarding the table placed at the end:</p> <p>Treatment Protocol (Fig 11) 14</p> <p>I do not understand why they placed it, since it is not referred to in any paragraph.</p> <p>In fact, this observation was also made by Dr. Allesandra Areas. The authors should remove this last table.</p> <p>The suggestions made by the reviewers are intended to improve the quality of the article.</p>	<p>Respected Sir/Mam,</p> <p>Thanks for your valuable inputs. Have removed the table regarding Treatment Protocol (Fig 11)</p>
