EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>Please find attached the second-time edited form of the manuscript. There still are many amendments to be taken care of. They are all doable and I directed the authors how to treat. The major defaults I pointed out to have been satisfactorily revised. Thank them on my behalf. But please let the authors have the remaining defaults corrected and show me back the response to approve the article for publishing.</p>	<p>Thank you for taking your time to check through the manuscript. We appreciate all comments. Corrections have been effected as advised.</p>
