You have to compare the sample characteristic with Nigerian population data.</p> <p>On the cost analysis, you don't mention std variation. Please add.</p> <p>The purchases cost is very low (30%), please give more explanation.</p> <p>At the same time, fixed cost represent 30% and are very high. I'm so surprise. Interest loan is an opportunity cost? Give more detailed information.</p> <p>Why you mention "Net Farm Income"? Is not appropriate for marketer!</p>
