Compulsory REVISION comments	<p>The manuscript needs a major revision. There are many grammatical mistakes. Thus, the author is recommended to consider APA style while proofreading the manuscript once more. In this regard, a native or natively like speaker may be able to help the author.</p> <p>The research instruments including the checklist, etc. should be provided in the appendix part.</p>	
Minor REVISION comments	The references needs revision. There is an entry which has not be included in the article. Also, it is a good idea that the author rewrite the Conclusion part as this section should cover, theatrical and practical aspects of study.	
Optional/General comments	Generally speaking, I would like to recommend the article to be published in the AJARR . Yet, the author needs to consider revision comments.
