

SDI Review Form 1.6

Journal Name:	Asian Journal of Biotechnology and Bioresource Technology
Manuscript Number:	Ms_AJB2T_62738
Title of the Manuscript:	A review on medical properties on spirulina and their futuristic properties
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>It is true that this review article reflects a quality contribution due to the deepening of the information obtained. However, it should be simplified in some paragraphs, in order to make the writing more accessible for a better understanding of the reading.</p> <p>Diagrams or figures that reflect the effect of spirulina chemical components on some of these biomedical and health aspects may be included.</p> <p>References should be included as of 2018. They only present two articles 2016 and 4 articles 2017. This topic each day presents more information and therefore this review article must be more updated</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
