**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	<p>This paper is new, original and is of interest to the field of dentistry. There are any apparent errors of facts or logic. The title is adequately informative, grammar and style are clear and concise. The length manuscript is adequate and the paper is well organized and written. Keywords are appropriate. This paper meets a high standard of scientific quality and credibility. It is readable and appropriately presented, and contains appropriate referencing and any recognizable plagiarism. This paper is compliant with the aims and scope of the journal and meets ethical requirements. I enjoyed reading this paper for the originality of this topic.</p>
