PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This paper has great potential and can be published only after major modifications are made. Some notes/suggestions are on the paper. I would suggest that the author could easily write two papers from this one. It is extremely long and many of the brilliant ideas are lost. The title does not adequately correspond with the body of the paper. The introduction is too long. Please consider making some recommendations. Please try to use synonyms, the constant repetition does not underscore you ideas.	
Minor REVISION comments		
Optional/General comments
