**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	A very bold attempt at writing a research report. The efforts and materials and methodology are commendable. However, the language of writing, which is English, is still problematic. The report is full of incoherent sentence constructions and grammatical errors that cannot be pardoned, if publication to the outside world is desired.	
<b>Minor</b> REVISION comments	There is the need to engage an expert in English language to help put the report in order.	
<b>Optional/General</b> comments
