Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Some corrections are presented in in red letters the text. See page five for one commentary in blue.	
Minor REVISION comments		
Optional/General comments	The manuscript brings new and interesting results and the authors have used an interesting approach to associate in some cases two ways to apply the products: In seed and in field. However is important to consider that in some journal, studies like this are necessary to repeat the experiment in time (year or season of growing). So, if this is not the condition for AJOB, I think that, this manuscript can be accept for publish after review the suggestions presented in the text.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
