

SDI Review Form 1.6

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	Ms_AJPAS_63560
Title of the Manuscript:	On second order slope rotatable designs under intra-class correlated structure of errors using a pair of dissimilar incomplete block designs
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1- All texts need proofreading. 2- At the end of article, write conclusions to brief the results of the proposed design. 3- Tables 1 and 2 represent results of the proposed of 2nd slope rotatable design. 4- Write section for results and discussion to show the enhancement of the proposed designs. 5- Compare your results with those of refs. [10] and [11] to see your contribution improvement and with refs. [14], [15], and [16]. 6- Rewrite the abstract to highlight the work with short sentences. 7- Most of references are not modern , can not compare with them. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1- Write the full name of abbreviations used at the first time. 2- In abstract, define factor v 3- Don't use long sentences. 4- Equations numbers should be written as 1, 2, 3,..... 5- Define the factors used in equations. 6- Write units of factors in tables such as d. 7- Don't need to write author's name in texts 8- There should be section for methodology of the proposed design. 9- Theorem 3.1 is it taken from ref. 	
Optional/General comments	<ol style="list-style-type: none"> 1- The article need to be rewritten and corrected before submission. 2- Clear the applications of this design in conclusion. 3- Use the journal standad template to style the paper. 4- Add dissimilar incomplete block designs as a figure in the article.
