(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>Result and discussion I suggest to dedicate a little specif chapter regarding the more important statistical differences between the current anthropometric values and those of twelve years ago .</p> <p>Bibliography : some mistakes are present In the introduction you write "present study were compared with the previous study conducted twelve years back, from same institute to evaluate changes in the data trends"(it needs reference ,I suppose n7). Reference n.8 is not cited in the text.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
