

**SDI Review Form 1.6**

Journal Name:	<a href="#">Asian Journal of Research and Reviews in Physics</a>
Manuscript Number:	Ms_AJR2P_63969
Title of the Manuscript:	NUMERICAL MODELING OF PHOTONIC JET BEHIND TRIANGULAR PRISM
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>Article accepted with revisions. Corrections are highlighted in red. The Figures 2 and 3 need improvement. The texts in blue need revision (reference 14 without year of publication).</p> <p><b>About the article:</b> The article, in section 2, present the FDTD method to numerically solve the Maxwell's equations and discusses about the stability conditions of the method. The results about studies the scattering of electromagnetic plane waves by a triangular prism are discussed very clearly, in section 3, whose results are shown in Figures 2 and 3. The article present good results.</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**

Name:	<b>Adilson Costa da Silva</b>
Department, University & Country	<b>Federal University of Rio de Janeiro, Brazil</b>
