<b>Optional/General</b> comments	The worship of Mother Goddess is a pure, popular, long-standing folk tradition of Vietnam, adapted to the changes of Vietnamese society. The author has very nicely depicted that In the process of development of the worship of Mother Goddess, it is inevitable that there will be borrowings, modifications to suit the Vietnamese people's consciousness. This is not purely groundless, or is the original biology of the original values of religions, but it is also a relentless creation of the Vietnamese people.
