Compulsory REVISION comments	<ol style="list-style-type: none"> 1. In abstract section, please use the style like Internet of Things (IoT) instead of IoT (Internet of Things). Same style is applicable for keywords section. 2. All information mentioned within text is not authentic, since there is no reference citation in text content. 3. I strongly recommend Author(s) to follow one style like IEEE style for paper organization including reference citation in text and bibliography. 4. Please try to read recent related papers that published at ISI and Scopus indexed journals to enhance your work. 5. Add necessary figures related to deployment topology for WSNs. 6. It seems to me, this paper like short report prepared by undergraduate students. 7. I suggest the title name "Challenges and Issues in Wireless Sensor Networks" instead of "Challenges and Issues in Wireless Networks Consistng of Sensors"
