General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Abstract: Too long, if it could be shortened to less than 250 words, check tenses.</p> <p>Introduction: Please check spelling and tenses</p> <p>Materials and Method: Both sections 3.1.1 and 3.2.1 should be moved from result section to M & M</p> <p>Results: Please check the depths where species were found, eg. 15m, 5m?</p> <p>Conclusion: This is Incomplete; should be written again, please</p> <p>References: Author(s) itemised the references in the script (1 to 22) but in reference section bullet forms were used in this section and makes them very confusing. This need a major revision, please</p>	
Minor REVISION comments	Please check spelling and tenses used in text	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
