PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | <p>The paper speak about the validation of a commercial ELISA kit in accordance with the European Commission regulations 2002/657/EC [16] for screening the presence of AOZ residues in shrimp.</p> <p>In my opinion the paper is well written but some revisions are needed.</p> <ul style="list-style-type: none"> - in the title the acronym AOC should be substituted with full name - the references are obsolete. Improve them - the conclusion should be extended | |
| Minor REVISION comments | | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
