

**SDI Review Form 1.6**

Journal Name:	<a href="#">Biotechnology Journal International</a>
Manuscript Number:	Ms_BJI_53484
Title of the Manuscript:	Acacia dudgeoni craib. ex holl (Mimosaceae): Potential inhibitor of Biofilm formation and Quorum Sensing in P. aeruginosa PAO1
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>Therapeutic potentials of medicinal plants are generally attributed to their richness in phenolic compounds. I think authors' prospects of identifying target molecules is worth the case because application of other medicinal plants for similar purpose may not yield the same outcome since these compounds are so diversified in nature and vary from one medicinal plant to another.</p> <p>Line 32: <b>active</b>, but activate. I'll suggest authors do a thorough check for similar cases throughout manuscript.</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
