PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. I think it would be much better if there is no partition in introduction (should be in one para.) 2. In the 16th line of introduction review should be in the end of sentence. 3. In 23rd (7) and 44th (11) line of introduction write the name of author instead of Number. 4. In Discussion there should be a table of interaction effect, main effect of spacing, seedlings, to justify the percent increase in grain yield, biomass yield and 1000 grain weight as author has mentioned in the paper. 5. In 4.2: Main Effect of Spacing: grains per panicle data is not mentioned anywhere in your tables as author has mentioned in the paper. 6. Reference: <ol style="list-style-type: none"> I. Reframe reference 2 (Write on the right place the journal name) II. It would be much better if the name of journal is written in italic font. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1- Reframe the highlighted sentence within Whole manuscript and place full stops wherever needed. 2- Highlight the headings and all of them should be in the same font. 	
Optional/General comments	If it is possible recent data related to area, production and productivity should be mentioned with reference in Introduction part.
