Manuscript Number:	Ms_IJTDH_61539
Title of the Manuscript:	Knowledge and Practice of breast cancer screening among women in South-Eastern Nigeria: A cross-sectional study
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>It's a good paper, with an interesting subject, that contributes to health research, however, some aspects should be improved in order to be published:</p> <ol style="list-style-type: none"> <li>1. The methodology doesn't explicit the time that the study was accomplished. Timeframes should be included to ensure that the procedures are clear</li> <li>2. The tables don't contain source. The source of the table should be indicated under the table, even if the author is the same person who wrote the paper.</li> <li>3. The limitations of the study aren't explicit. These limits should identify only those circumstances that had the greatest potential impact on the quality of the findings study and the ability to effectively answer the research questions and/or hypotheses.</li> </ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
