

SDI Review Form 1.6

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_54561
Title of the Manuscript:	Identification and Characterization of Natural Habitats of Electrochemically Active Bacteria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Identification and Characterization of Natural Habitats of Electrochemically Active Bacteria investigate the criteria for the main physical and chemical characteristics of the environmental niches populated with electrochemically active microorganisms, in performing anaerobic respiration employing bio-electrochemical systems (MFC).</p> <ol style="list-style-type: none"> 1. The grammar is poor as shown 2. The logic is confusing 3. The paper doesn't explain exactly what it addresses 4. Diagrammatic representation is inadequate 5. General remark: requires major revision 	
Minor REVISION comments		
Optional/General comments
