<b>Compulsory</b> REVISION comments	All the affected areas	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> <p>In the current study, eight major species of insect pests consisting of four primary pests and four secondary pests belonging to five families within two insect orders were documented or recorded. The traditional storage methods and practices used by farmers were inefficient for providing adequate protection of their stored wheat grains against insect pests.</p>
