Manuscript Number:	Ms_JAMPS_61446
Title of the Manuscript:	Role of Diabetes Mellitus on Adverse Drug Reaction to Anti-tuberculosis Drugs
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	The said work has ethical committee approval given as (S13/05/12-2005). I assume that the approval was given in the year 2005. If so, there is 15 year gap for the same. Was the work not carried out then or was it not published till now. The methodology section states that it has been done elsewhere with reference number 6, if that is the case what major changes are there in the present one compared to the previous one. Moreover the previous work was already published way back in 2012. These need to be clarified before proceeding further.	
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**

Name:	<b>Venkatesh Kamath B</b>
Department, University & Country	<b>Manipal College of Pharmaceutical Sciences, India</b>
