PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Future Therapy Plans for Treatment of Glaucoma are well explained, but a comparative study among the listed plans are not mentioned. Throughout the text, there isn't logical comparative explanation among each future plans and even, drawbacks of each plan not mentioned. No suggestion of which strategy would be better or preferred one.	
Minor REVISION comments	While the manuscript is well written for English language, but I think there are some grammatical and formatting mistakes Full form of some abbreviations used aren't described in the text, mention full form for the first time followed by abbreviations in brackets and then use the abbreviated form throughout the manuscript.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
