

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_53965
Title of the Manuscript:	Biological, serological and molecular characterisation of a new virus species infecting Telfairia occidentalis in Calabar, Cross River State, Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	See my comments in the corrected MS, e.g. What buffer did you use to make a homogenate of infected plant material? Detail the virus-transmission experiments with the aphids: how many experiments were done?	
Minor REVISION comments	Check other questions in the manuscript Accept the suggested corrections made using track changes	
Optional/General comments	This MS is very well written, and reports on a new virus species, for which the authors should be congratulated. The results of the study support the conclusions of the paper,	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

Reviewer Details:

Name:	Dirk Janssen
Department, University & Country	Spain
