Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	I highlighted several points which the authors need to adhere before publishing this manuscript. Many of them were indicated in the amended text version which I am submitting to the editor. The authors are requested to submit a detailed cross section or a block diagram indicating the facies distribution with due notations. Make sure to add the depth either in m (cm). Ck the references again and make sure you either add or remove the names compatible with the breadth of the manuscript and the list of references.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	(If yes, Kindly please write down the ethical issues here in details)	

**Reviewer Details:**

Name:	H.A.H. Jayasena
Department, University & Country	University of Peradeniya, Sri Lanka
