

SDI Review Form 1.6

Journal Name:	Journal of Geography, Environment and Earth Science International
Manuscript Number:	Ms_JGEESI_59558
Title of the Manuscript:	Tidal Channel Depositional Complex of the Cretaceous Yolde Formation of the Gongola Sub-basin, Northern Benue Trough N.E. Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Fig. 4.</p> <ol style="list-style-type: none"> Title: correct the title of the fig.4 : Lithostratigraphic section of the Yolde Formation at Gamajigo village In the legend: Correct Choatic by chaotic Improve the figure by eliminating the things around the photo of the section: the sky, the people...just let the series and please adjust well the correlation between the schematic series and the photographed series. The erosal surface does not exist in the stratigraphic log, but you put it in the legend of the fig.4. So complete it in the figure 4. It is preferable to present the age column at the left of the stratigraphic log. The authors should have verified the age of the series, how the authors could recognize that it is a Cenomanian age series. <p>Fig.1a : unreadable words</p> <p>NB: The authors have not indicated other evidence of transgression, are there any pelagic marine fauna in these cenomanian series?</p> <p>References Please add the references (below) that exist in the text but not in the list: Haq et al 1987 Shettima et al., 2011</p> <p>About this reference: Abdulkarim et al., : it is in 2016 in the text but in 2017 in the list of references. Please verify.</p>	
Minor REVISION comments		
Optional/General comments
