PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Thank you very much for providing me this opportunity to review this manuscript. The authors have selected a very interesting topic and have presented a good data set. While reviewing this article, I came across observations, I suggest following amendments should be made to ameliorate the manuscript. They are mentioned in following:</p> <ol style="list-style-type: none"> 1. The discussion part requires a complete revision to make the story clear. 2. The language quality is very poor. It should be revised by a native speaker. 3. Information regarding the LPS mouse model is lacking in the manuscript 4. What is reason for unmodified SOD level? Please discuss in the discussion portion. 	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
