PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Introductory paragraphs should be shortened. There is too much information regarding other compounds in pulmonary fibrosis instead of the main topic of the manuscript. The title should be changed as current evidence suggests that vorinostat might be a promising compound.</p> <p>You should include some more references in the introductory sentences.</p> <ol style="list-style-type: none"> 1) Karampitsakos T, Vraka A, Bouros D, Liossis SN, Tzouvelekis A. Biologic Treatments in Interstitial Lung Diseases Front Med 2019 2) Karampitsakos t el Pulmonary hypertension in patients with interstitial lung disease Pulm Pharmacol Karampitsakos e al 2018 Pulm Pharm Ther 	
Minor REVISION comments	Minor Revision	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
