Compulsory REVISION comments	This is a great paper, but will need a major overhaul, the literature section need to be aligned with scholarly article threshold. The literature did not accurately capture the central focus of the paper. As it is, it is very scanty and it is just used like a by the way. I will strongly recommend that the author rewrite entirely the literature review section	
Minor REVISION comments	Maiduguri is not a state but state capital (see line 99 in your methodology)
