General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The entire study does not have a methodology section which is crucial to a published paper. Again the study abstract does not have the methods used for the study.</p> <p>The paper needs a major rearrangement of the items to portray the major parts of an article writing.</p> <p>The models of the study were presented, however, it is clear whether that is also the results of the study.</p> <p>The references for the paper are few because many parts of the paper required the indication of the in text citations which will be added to the list of references.</p>	
Minor REVISION comments	<p>The opening paragraph for the abstract is not necessary.</p> <p>It is no clear where the literature review starts and ends.</p> <p>Check tenses thought the entire paper.</p>	
Optional/General comments	<p>Check on the in text citation</p>
