PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript presents contributions to teacher's qualify theme. However, two aspects are necessary to review. First is about the identification of the location. It is better to describe the characteristics of the area than the name of the area. This modify is essential for two reasons: do not expose the participants and inform the readers about the place where the study had done. The second consideration is to discuss more data table 1 (Attend and Not-attend In-service Training). This data is mainly proposed of this study, and because this is important to explore more this way.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
