PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|--|
| Compulsory REVISION comments | This paper is well structured. The author is strongly focused on his aim. Well-conducted methods and finely synchronized results. But some sentences are directly hired from other sources. So, they should be re-written. | |
| Minor REVISION comments | There is found around 70 plus minor grammatical mistakes during reviewing the paper. Mistakes should be fixed. Like, "Multi-staged sampling technique was employed in the selection of wards, streets, household and respondents and the procedure <i>is describe</i> as follows;" this line should be "Multi-staged sampling technique was employed in the selection of wards, streets, household and respondents and the procedure is described as follows;" Besides many sentences are considered wordy that sometimes affect the preciseness of the paper. Some sentences should be kept simple. | |
| Optional/General comments | Conclusion part is fairly alright. Author is well focused. Sentences can be rewritten well for better understanding. | |
