PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1- In abstract the instructions are still the part of abstract, remove these 2- Abbreviation at first appearance should be defined 3- In first paragraph of introduction State the excipients of tablets only which is the concern of this article 4- Is it true that starch is used as filler? give some reference for such use 5- In the last paragraph of introduction the research gap is poorly understood As these are not the properties of any material to be improved for binding action. 6- In section 2.2.3 state ambient conditions(temperature, humidity ????) 7- Use equation tab for all equations in the article 8- Cite the article in discussion that has used the OKRA gum as binding agent in the tablets (Amjad hussain et. Al 2017, Pharmaceutics) 	
Minor REVISION comments	<ol style="list-style-type: none"> 1- Use the term dissolution rate rather than dissolution only 	
Optional/General comments
