

SDI Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_52132
Title of the Manuscript:	Adaptation approaches for direct seeded rice to reduce greenhouse gas emission in the perspective of climate change
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page/sdi-general-editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is about the research work to conduct field experiment at research farm, Bihar Agricultural University, Sabour during 2017 and 2018 to gain insight crop phenology mediated greenhouse gas emission under different tillage and nitrogen management practices in direct seeded rice (DSR). The author has done a good research work and presented the manuscript in an organized manner which includes detail methodology and analysis. The manuscript may be accepted for publication.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
