

SDI Review Form 1.6

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_59651
Title of the Manuscript:	Performance Enhancement of Induced Draft Counter Flow Wet Cooling Tower with Different Types of Modified Shaped Fill Assembly
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Number of literature review must be increase. 2. Fig. 10 to Fig. 14 must be modified by using smooth line instead of point. 3. Please sight following articles should be incorporated to improve literature review A Dutta, AK Das, S Chakrabarti, "Study on the effect of cooling water temperature rise on loss factor and efficiency of a condenser for a 210 MW thermal power unit", International Journal of Emerging Technology and Advanced Engineering 4. In table 5 and 6 what is the reason of certain jump in the evaporative loss in the observation 5, please explain. 5. What is the reason behind the decrease in effectiveness results in decrease in % of loss? 	
Minor REVISION comments		
Optional/General comments		

SDI Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

Reviewer Details:

Name:	Abhijit Dutta
Department, University & Country	MCKV Institute of Engineering, Howrah, India
