Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The abstract is not appropriate as a research paper. In the abstract, authors have to describe or highlight their findings and their scientific meanings.	
<b>Minor</b> REVISION comments	it is not right to indicate the bibliography in the summary, you must present that the results obtained	
<b>Optional/General</b> comments	From my intense reading I can say that the manuscript gave rise to important results, there are some corrections made especially at the level of the abstract, so I recommend the publication of this manuscript in your journal	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	(If yes, Kindly please write down the ethical issues here in details)
