PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Methodology You should indicate the process of drying the material because it has an important effect over the conservation of Moringa's properties.</p> <p>In discussion, You should mention if other extracts we obtained by the same methods or were different and therefore, this could be a reason for your negative results.</p>	
Minor REVISION comments	<p>Do not repeat the same that you are presenting in the Tables because you mention them several times in the texts.</p> <p>Conclusions repeat exactly the same your results, reformulate them to avoid this.</p>	
Optional/General comments	<p>Please review your English grammar, there are some texts that are not clear or incorrectly written.</p>
