

SDI Review Form 1.6

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_54247
Title of the Manuscript:	Bio-stimulation of Crude oil Contaminated Soil using Fish waste and Goat Manure
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	IN Table 1, The reason for reduction of some values such as Nitrogen, Calcium, etc in the contaminated soil compared with the uncontaminated one should be clearly written.	
Minor REVISION comments	The manuscript title is not clear and does not describe the case. Reduction in the Total Petroleum Hydrocarbon (TPH) Contents may be due to the activity of the microorganisms in Fish waste and Goat Manure not only due to stimulation of soil micro-flora	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
